

The diagram is a plan view of a basement area. It features a large rectangle with a total width of 5770 and a total height of 5000. Inside this rectangle, there are several smaller rectangular areas and a central circular area. The dimensions are as follows:

- Top Section:** A horizontal strip at the top with a total width of 5000. It contains a rectangular area labeled '1' with a width of 2725 and a height of 585. Below it is another rectangular area labeled '2' with a width of 4635 and a height of 585.
- Central Section:** A rectangular area labeled 'A' with a width of 1635 and a height of 1530. It is positioned below area '2'.
- Bottom Section:** A horizontal strip at the bottom with a total width of 5000. It contains a rectangular area labeled '4' with a width of 4635 and a height of 585.
- Central Area:** A large rectangular area in the center, bounded by dashed lines, with a width of 1635 and a height of 1530. It is labeled '3' in a circle.

The overall dimensions of the basement area are 5770 (width) and 5000 (height).

The diagram illustrates the ground floor area with the following dimensions and labels:

- Overall Dimensions:**
 - Horizontal: 1100
 - Vertical: 5955
- Internal Dimensions:**
 - Horizontal (left section): 6006
 - Horizontal (right section): 1725
 - Vertical (top section): 1830
- Labeled Areas:**
 - A:** A small rectangular area at the bottom left.
 - B:** A large rectangular area in the center.
 - C:** A small rectangular area at the top right.
 - D:** A small rectangular area at the bottom right.

Technical drawing of a rectangular plate with four circular holes labeled A, B, C, and D. The plate has overall dimensions of 1000 mm by 1000 mm. The holes are positioned as follows:

- Hole A: Located at the bottom center. Its radius is 100 mm. The distance from the bottom edge to the center of the hole is 100 mm.
- Hole B: Located at the top center. Its radius is 100 mm. The distance from the top edge to the center of the hole is 100 mm.
- Hole C: Located at the top right. Its radius is 100 mm. The distance from the top edge to the center of the hole is 100 mm. The distance from the right edge to the center of the hole is 100 mm.
- Hole D: Located at the bottom right. Its radius is 100 mm. The distance from the bottom edge to the center of the hole is 100 mm. The distance from the right edge to the center of the hole is 100 mm.

The drawing shows the plate with dashed lines indicating the center lines of the holes and the overall dimensions. The holes are labeled A, B, C, and D in circles.
